

IBEC - CBI
TRADE & BUSINESS DEVELOPMENT PROGRAMME

NiSoft (UK) Limited

The company, its products, its customers, its environment

NiSoft was formed in 1991 by Jonathan Currie and Stephen Harris and has achieved an impressive, consistent growth rate of 50 per cent each year in revenue and retained profits. Specialising in documentation systems for safety critical procedures and processes, the company has a long list of blue-chip customers. NiSoft's systems are installed in over 15 countries from North America, through EMEA and right across the Asia Pacific region. NiSoft has its headquarters in Belfast, with international offices in Singapore and Denver.

Quality systems and policy

With the use of its products in safety critical applications, NiSoft has a special need to focus on software quality. NiSoft achieved ISO 9001 status in 1997 and has successfully maintained this accreditation.

Quality strategy for the future

NiSoft will continue to put quality at the heart of all its software development. The various 'measures' of software quality from ISO to CMM or SPICE will be constantly reviewed to see which best compliments and supports NiSoft's business objectives.
